PHOTOGRAPHY CONTEST ON EDUFOCUS: FRAMING THE FUTURE

About Photography Club

The Photography Club of R.M.D. Engineering College provides a creative platform for students to develop their photographic skills and artistic vision. Through photography contests, workshops, exhibitions, and thematic events, the club encourages students to express ideas, emotions, and social perspectives through visual storytelling. The club fosters creativity, innovation, and technical excellence while inspiring students to capture meaningful moments that create awareness and promote learning.

Event: Photography Contest

Title: EduFocus: Framing the Future

Date: 07-11-2025

Faculty Coordinator: Dr. N. Prabakaran

Faculty Co-Coordinator: Dr. R. Ashok Kumar

Sustainable Development Goal:

SDG 4 – Quality Education

About the Event

The Photography Club of R.M.D. Engineering College organized a **Photography Contest on "EduFocus: Framing the Future"** on **07 November 2025** to encourage students to capture the essence of education through creative photography. The contest aimed to highlight the role of education in shaping individuals, fostering innovation, and building a knowledgeable society through impactful visual storytelling.

Students enthusiastically participated by submitting original photographs portraying various aspects of education, including classrooms, learning environments, libraries, laboratories, collaborative learning, innovation, and student life. The entries reflected the participants' ability to communicate the importance of education through creativity, composition, and meaningful visual narratives.

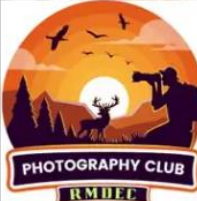

The photographs were evaluated based on originality, relevance to the theme, creativity, composition, technical quality, and the effectiveness of visual storytelling.

Objectives

- To encourage students to express the significance of education through photography.
- To promote creative thinking and visual storytelling.
- To enhance observation, composition, and technical photography skills.
- To inspire students to document learning experiences and educational environments creatively.
- To create awareness about the importance of quality education in building a better future.
