Report

A Mind Flare Competition on the topic “*How Has Technology Changed Communication?*” was organized by the Tech Club on September 15, 2025, from 1:30 p.m. to 3:00 p.m. in the Main

Block Seminar Hall. Eight students from various branches actively participated in the competition and showcased their talents.

The participants presented their viewpoints clearly and in a well-structured manner, supporting their ideas with relevant examples and facts. Five students articulated their perspectives exceptionally well, making it highly challenging for the judges to identify the winners. Ultimately, three students delivered outstanding performances and were selected as winners.

Dr. A. Jyothi Bala (Assistant Professor/Mathematics), Assistant Professor of Mathematics and Ms. M. G. Meedphin Arasi (Assistant Professor/English) served as the judges for the event.

The details of the winners are furnished below.
