The TEDx Club organized a Think and Speak competition on “*The Future of Education: Learning Beyond Classrooms*” on November 15, 2025, from 1:30 p.m. to 3:00 p.m. in MB205. A total of twelve students from various branches enthusiastically participated and demonstrated their speaking skills. Each participant presented their ideas in a clear and organized manner, effectively supporting their views with relevant examples and facts. Among them, five students stood out for their exceptional articulation, making the judges’ task of selecting winners particularly challenging. After careful evaluation, three participants were adjudged winners for their outstanding performances. Ms. N. Abirami (Assistant Professor/General Engineering) and Ms.M.G. Meedphin Arasi served as the judges for the event.
