Eco Club

ART CONTEST- 12.12.2021

About Eco Club:

Eco club play an important role in creating environmental awareness among the future young generation. It is a platform on which the knowledge about our environment. To create clean and green alertness to among students through various innovative methods. We offer programs and activities to encourage others to reduce pollution, plant more trees and also to promote sound environmental behaviour.

Event I: Art Contest

Title: ART WORK FROM WASTE

Date: 12-12-2021

Sustainable Development Goals: 15. Life on Land

This Art Contest focused on:

- The competition focused on bringing an understanding among students preserving the environment by reusing and recycling waste materials. Art competition are an excellent opportunity to grow as an artist and develop your art career.
- To impart knowledge about the reduction and re-use of waste materials in our everyday life.
- One of the bigger reasons to reduce waste is to conserve space in our landfills and reduce the need to build more landfills which take up valuable space and are a source of air and water pollution. By reducing our waste, we are also conserving our resources.

Eco club members are actively participating in this competition. The best three Art work are selected and awarded.
