IDEATHON CONTEST

About Eco Club:

Eco club play an important role in creating environmental awareness among the future young generation. It is a platform on which the knowledge about our environment. To create clean and green alertness to among students through various innovative methods. We offer programs and activities to encourage others to reduce pollution, plant more trees and also to promote sound environmental behaviour.

Event I : Ideathon Contest

Title : Waste to Energy

Date: 07-12-2024

Time: 9.30 am to 1.00 pm

Sustainable Development Goals: 7. Affordable and Clean Energy

This Ideathon contest focused on:

The Eco club and Institution Innovation Council (IIC) of RMDEC organized a, Ideathon Contest in the title of waste to energy on 7th December 2024.

This Contest – Waste to Energy is a platform designed to inspire innovative solutions for transforming waste into a valuable energy resource. This initiative encourages individuals and teams to present creative ideas that address the dual challenges of waste management and energy conservation. By emphasizing the importance of utilizing waste to reduce environmental pollution, the contest fosters awareness about sustainable practices and renewable energy generation. Participants gain an opportunity to explore and develop practical approaches that contribute to a greener and cleaner future.

The contest also helps participants enhance their problem-solving skills and understanding of cutting-edge technologies in waste management and energy production. By showcasing innovative ideas, it inspires communities and industries to adopt sustainable solutions for a better future.
