About Eco Club:

Eco club play an important role in creating environmental awareness among the future young generation. It is a platform on which the knowledge about our environment. To create clean and green alertness to among students through various innovative methods. We offer programs and activities to encourage others to reduce pollution, plant more trees and also to promote sound environmental behaviour.

Event I: Grafting Animated Message Contest

Title : Beat Plastic Pollution

Date: 10-10-2026

Time: 9.30 am to 3.00 pm

Sustainable Development Goals: 15. Life on Land

This Grafting Animated Message contest focused on:

The Eco club and Institution Innovation Council (IIC) of RMDEC organized a, Grafting Animated Message Contest in the title of Beat Plastic Pollution on 10th October 2026.

The primary objective of the event was to raise awareness about the harmful effects of plastic pollution and to encourage students to promote sustainable alternatives through creative digital expressions. The contest provided a platform for students to design and present animated messages that effectively conveyed the importance of reducing plastic usage and protecting the environment.

Participants showcased innovative ideas through short animated content, highlighting themes such as the impact of single-use plastics, marine pollution, waste management practices, recycling, and the importance of adopting eco-friendly materials. The activity emphasized the role of individual responsibility in minimizing plastic waste and inspired students to think critically about environmental challenges.
