MATH CLUB

ACADEMIC YEAR 2023-2024 (ODD SEM)

About Math Club:

The aim of the club is providing opportunities to the students to show their mathematical skills. In addition, students can explore mathematics beyond textbooks and apply it in day-to-day situation.

Event 1: Quiz Competition

Title: INTEGRATION BEE

Date: 04-11-2023

Time: 2:00 p.m to 3:00 p.m.

Venue: Drawing Hall

Sustainable Development Goals: 4. Quality Education

A Quiz Competition, "**Integration Bee**" for Second year and Third year Math Club students has been organized by the Department of Science and Humanities, R.M.D. Engineering College on 04-11-2023 from 02.00 p.m. to 3.00 p.m. "Integration Bee" refers to a competition related to mathematical integration. In mathematics, integration is the process of finding the integral of a function, which represents the area under the curve of the function. The integral is often used to calculate quantities such as displacement, area, volume, and various other physical and mathematical quantities.

Participants were asked to solve definite and indefinite integrals, apply integration techniques such as substitution, integration by parts, and demonstrate a strong understanding of the principles of calculus. By participating for an integration bee, students are expected to review

integral calculus concepts, practice solving different types of integrals, and familiarize with common integration techniques. It's also helpful to work on student's problem-solving speed, as integration bees often involve solving problems within a limited time frame. 9 students registered for the competition and explored their integration ability.

No. of Participants: 9 Students
