ABOUT THE RMD ENGINEERING COLLEGE

R.M.D. Engineering College started in the year 2001 – 2002 at Kavaraipettai, Gummudipoondi Taluk, Thiruvallur district under the auspices of Sri Swaminatha Naidu Educational Trust, a registered Telugu Educational Trust, is an institution creating paradigm shifts with deeper insights towards innovative growth and excellence. Sri Swaminatha Naidu Educational Trust renders philanthropic and educational service to Telugu linguistic people living in rural areas bordering Tamil Nadu and Andhra Pradesh. The main objective of the Trust is to foster quality technical, management and higher education, research and training in rural areas in various branches of science and technology and simultaneously inculcate among the youth a sense of discipline so that they can be molded into competent and talented engineers. College offers undergraduate Programmes in Engineering and Technology and also Postgraduate Programmes in Engineering. All the Five UG Courses are accredited by NBA and the Institute is accredited by NAAC. It maintains an aura of culture and legacy of unparalleled excellence and irreversible integrity of values inculcated in every student.

The College also focuses on giving hands-on industrial experience to the students by organizing various Center Of Excellence (COE), where the students get trained by the professionals from various firms right from third semester up until they get recruited by those firms. The various COEs available are Big Data, Cyber Security, Cloud Computing and Digital Enterprise.

ABOUT THE DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

The Department of Computer Science and Engineering of RMD Engineering College was started in 2001. It is approved by AICTE and affiliated to ANNA UNIVERSITY. The department is accredited by National Board of Accreditation (NBA). Our mission is to inspire, educate, and produce computer engineers capable of tackling fundamental scientific problems and important societal challenges - and to do so with the highest commitment to quality, integrity, and respect for others. Our students are rigorously trained in fundamentals of engineering, with a strong bent towards the maker culture of learning and doing.

DEPARTMENT VISION

The vision of Computer Science and Engineering Department is to produce intellectual software professionals by empowering them to compete globally towards professional excellence.

DEPARTMENT MISSION

- To impart modern teaching methodologies to provide quality technical education to the students
- To establish a work environment to practice new software tools and languages
- To identify industrial requirements and produce employable engineers
- To engage students and staff members in research to meet the requirements of software industry
