

R.M.D. ENGINEERING COLLEGE YOUTH RED CROSS UNIT

Blood Donor Day is observed on June 14th to raise awareness of the worldwide need for blood in medical services, as well as to honour and appreciate all those who donate blood and encourage more people to start donating

YRC Unit of RMDEC conducted a “**BLOOD DONATION**” Quiz Competition in order to show support for blood donation. This pandemic was used to increase public awareness on the donation of blood.

Event I: Quiz Competition

Title: BLOOD DONATION

Date: 16-06-2021

Time: 5.00 pm to 9.00 pm

Sustainable Development Goals: 3. GOOD HEALTH AND WELL BEING

This quiz competition focused on:

The fluid that circulates throughout our bodies and performs many tasks is known as blood. There are situations when a person loses too much blood and requires blood from a third party. Donating blood is especially crucial in these cases. It's the most honourable thing you can do to aid sick people. Blood donation is the procedure of drawing blood from one person and transfusing it into another. This collection technique and the treatments that follow it are normally handled by blood banks. Every year on June 14th, World Blood Donor Day is commemorated.

Donating blood is primarily done to save lives, so you should never hesitate to do so. It's a manifestation of humanity. It is blind to the blood donor's caste, creed, or religion. YRC club members are actively participating in this competition. The top three scorers are rewarded.

BROCHURE:

R.M.D. ENGINEERING COLLEGE

(AN AUTONOMOUS INSTITUTION)

R.S.M. NAGAR, KAVARAIPETTAI-601206, GUMMIDIPOONDI TALUK, THIRUVALLUR DISTRICT
